

SPOTLIGHT ON AMERX
New Look for AMERX Dressings

AMERX Health Care has unveiled new physician- and patient-friendly packaging for its line of AMERX® Dressings. Conveniently packaged for 15- and 30-day treatment

lengths, the new packaging features a bold color palette and sizing identifiers, to make it easy for busy practices to quickly locate the desired dressing type and size required to meet their patients’ needs. Practices can choose from a full range of advanced primary and secondary dressings including AMERX® Foam and Bordered Foam, Calcium Alginate, Bordered Gauze, and Retention Tape.

The new, attractive design was developed with patients in mind. Illustrated application directions on the back panel of each dressing makes it easier for patients to properly apply their dressings at home, helping them maintain compliance.

Provide the convenience your patients desire and drive practice growth when you dispense AMERX dressings, approved for reimbursement by Medicare and most private insurance companies. *To get started today, contact your dedicated AMERX Account Manager at (800) 448-9599, visit AMERXHC.com and ask to add AMERX Dressings to your next order, or click here.*

Pilgrim Shoes Has Expanded its Offerings

Pilgrim Shoes, a well-known supplier of diabetic footwear brands “Hoopoe” and “Areni One” over the last quarter-century, has declared its readiness for the post-pandemic era despite logistics challenges and lockdowns in China.

The firm has increased its offerings of diabetic footwear and invested in some new styles as well as beefing up its current inventory.

Pilgrim Shoes is now offering custom-made orthotics; they’ve invested in new technology, equipment and materials to provide podiatry practices with a one-stop shopping solution for PDAC-reviewed diabetic shoes and custom-made diabetic orthotics. And in addition to their familiar lines of comfort shoes and sandals Pilgrim is adding new styles of winter boots and some slip-resistant footwear.

Says Pilgrim, “The COVID disaster gave us an opportunity to review what we do as a company and what we can offer to prac-

tioners to make their lives easier. I want to say to podiatrists: your supply chain at Pilgrim Shoes is ready as never before.”

Pilgrim Shoes’ brands of diabetic and orthopedic footwear are distinguished by their comfortable fit, the result of using German engineered lasts with anatomically shaped contoured

bottom and heel cup for better accommodation of foot deformities. Pilgrim offers a huge variety of fashionable and functional styles in Hoopoe and Areni One brands, some of which are available up to size 15 Men’s and 12 Ladies, and up to WWW(6E) width. All styles are PDAC-reviewed as A5500 for diabetic patients. Attractive sample shoe displays are available, and doctors may phone in orders or submit online or by FAX. Same day shipping, free returns, and very competitive pricing, always in stock guarantee.
