**All our products
have been specifically designed
to help you maintain your patient's
security and comfort.**

products at wholesale prices FOR MEDICAL PROFESSIONALS ONLY. All our products have been specifically designed to help you maintain your patient's security and comfort.

Neuro-Eze

Neuro-Eze is a specially formulated cream that transdermally delivers the essential amino acid L-Arginine to neuropathic patients. It increases oxygen content in cells, temperature of

extremities, and helps circulation. Easy to use, measured-dosage pump bottle.

L-Arginine Mineral Bath Salts

A natural therapeutic way to care for your body and feet. Relaxes and soothes nerves, reduces stress, pain and inflammation. Stimulates and increases healthy blood flow. To be used for a relaxing bath soak that

helps relieve and heal sore muscles and improve circulation.

TNT (Topical Nail Treatment) Pen

TNT (Topical Nail Treatment) improves the growth, health, and cosmetic appearance of dystrophic toenails. Contains 40% Urea to soften and debride hyperkeratotic nails, tea tree oil to assist in fighting topical bacteria, and L-Arginine to help promote circulation and toenail growth. This convenient "pen" applicator makes it even easier to use.
