

MTI Develops Virtual Live Demonstration Program

By Justin Young

MTI is committed to continually producing the highest-quality and competitively priced products while remaining dedicated to its customers, associates, and the community. For over 20 years, MTI has designed and manufactured the highest quality exam and procedure chairs, mobile medical cabinets, stools, procedure and exam lighting and related accessories.

The MTI 527 Podiatry Chair is an industry-leading chair. It provides the comfort and strength your patients deserve with a 24.5" width, 19" entry height, 650 lb lift capacity, and an extendible footrest with stainless steel debris tray. The 527 provides coordinated movements to upright, contour, flat or trendelenburg positions.

The MTI 550 Procedure Chair is a high-quality podiatry and wound care chair. The MTI 550 Chair in any base version (standard, swivel or mobile) is ADA

Compliant. Meeting all ADA requirements, the 550 Chair provides easy patient ingress/egress and equal access for patients and caregivers with disabilities.

MTI also offers high-quality, affordable products like custom medical cabinets, side chairs, stools and LED exam and procedure lighting.

Just like most of you, MTI has found this year with COVID-19 to be a hard time to see customers in person. MTI strives to provide the best patient care in all that they do. To solve the COVID-19 problem, they have developed a virtual live
