

Do You Consider Financial Stability and Legal Defense Expertise When Selecting a Medical Malpractice Insurance Carrier?

By Cynthia Myers

The answer to this question should be a resounding “YES”, especially in today’s volatile market and as we approach Post COVID. At **Professional Services Plans**, a division of Brown & Brown, Inc. we go above the standard of writing you with an A rated carrier—which is equivalent of writing you with a “good carrier”—and we bring you an A++ rated carrier, which is a “superior carrier.”

What does this A++ rating mean to you in regard to protecting your reputation and business?

An A++ rating from AM Best provides the assurance that a claim will be handled with expertise today and well into the future.
