Lawrence Lavery, DPM

This year, *PM's* readers have elected Lawrence Lavery, DPM, and Keith Greer, Esq., to join a very elite group of legendary individuals in *Podiatry Management's* Podiatric Hall of Fame.

Dr. Lavery is a distinguished author, lecturer, and researcher, making him truly a worthy recipient of *Podiatry Management's* Lifetime Achievement Award. To learn more about this extraordinary podiatrist, we direct you to a biography and tributes from many of his closest colleagues, which begin on page 61.

In the Lifetime Achievement category for non-podiatrists, the readers of *PM* have wisely selected Keith Greer to receive this honor. Keith's induction marks the first practicing attorney to be enshrined in the Hall of Fame. To learn more about this remarkable individual, read his biography and tributes, which begin on page 76.

We've also listed the Honorable Mention recipients for this prestigious award (see page 77). Invariably, future inductees will emerge from this list.

Artificial Intelligence (AI) is the hottest topic of the last few years and has permeated every sector of society, including medicine. In this special issue of *PM*, we examine the pros and cons of this juggernaut of technology.

Respectfully Submitted,

Barry H. Block D.P.M.
